CAREER GOALS

I'm seeking a new job opportunity. I'm interested in Front-End Developer, especially Flutter Framework, also Dart, so I want to work with it. Besides, I experienced developing native apps by Android Studio and hybrid apps by React Native. I want to become senior developer as soon as possible.

SOFT SKILL

English: speaking English fluently, good listening skills, in addition, my writing skills are at a stable level.

Focus: I usually focus on working and studying for a very long time (8h - 14h/day).

Willing To Learn: I am very curious, every time I learn a new skill, it makes me very satisfied and happy.
